UK Delegation to Spain

About the Visit

Following a successful visit to Latvia, Estonia and Finland last year, we will be taking a delegation of ITS UK members to Spain over four days. The delegation will provide delegates with the opportunity to meet government bodies, transport authorities and suppliers from across the three nations, through meetings, site visits, networking opportunities and informal events.

The aim of the visit is to provide the delegation with a greater understanding of the markets across the country and to establish valuable connections between the UK delegation and the Spanish ITS community.

Indicative Itinerary

Subject to confirmation. All times at destination.

What's covered:

- Mini-van travel to destinations within the cities (not including flights to Barcelona).
- Lunch at visits, Embassy Reception and Sunday Welcome Dinner during the three nights
- Site visits, meetings and support during the visit.
- Briefing materials and information by the ITS UK team.

What is not covered:

- Hotel accommodation and breakfast (ITS UK will look to recommend hotels and seek to secure group discounts where possible).
- Flights to and from the visit (ITS UK will recommend the best flights to take).
- Additional refreshments or food provided in addition to lunch and dinners listed in the itineraries.
- Any additional costs that may arise from ad hoc visits or activities not listed on the agenda (participants will be informed of these, and given the option as to whether to participate).

Pricing

- **ITS UK Member:** £600 + VAT per delegate
- **ITS UK Executive Member:** £500 + VAT per delegate
- **Public Sector:** We are happy to discuss with public sector members a preferential rate to support their engagement
