**Description:** NHS Hertfordshire and West Essex Integrated Care Board (referred to as the Commissioner) are inviting suitably qualified and experienced providers to express their interest in delivering a Telephone and Message based Advice and Guidance Service to Health Care Professionals across the NHS Hertfordshire and West Essex Integrated Care System. The key aims and objectives of the digital platform will be to enable both telephone based and clinically secure photo messaging application for the provision of Clinical Advice & Guidance for a range of clinical specialties. The platform will provide a consistent level of stability and importantly a high level of connectivity with exceptional connection times measured in seconds. The service is able to offer a range of specialties covering both physical and mental health. The service is integrated with key local providers in HWE Integrated Care System (ICS) but is backed up by a network of NHS clinicians located outside of Hertfordshire and West Essex but within the UK. The service will allow healthcare professionals to speak to other healthcare professionals locally or where not available to other healthcare professionals based elsewhere in the UK. The service will provide access to these UK based healthcare professionals either through their own network or through a third-party network that they will sub-contract. This ensures that primary care always has access to immediate clinical advice and guidance. The provision of healthcare professionals outside of HWE should be in a manner that does not result in a detrimental effect on NHS patients or services, nor diminish the public resources that are available for the NHS. The service will also be available to other healthcare professionals and organisations within HWE ICS to allow appropriate advice and guidance to be given. The process is a one stage open process. The contract will be for a period of 3 years with the option to extend for up to a further 2 years, commencing 1st August 2024. The annual contract value is £600,000 inclusive of VAT (£1,800,000 for the initial 3-year term with an option to extend for a further 2 years totalling £3,000,000 over the total 5 year term). Please note there is a financial threshold associated with this procurement. Any bids exceeding £600,000 per annum will be excluded from evaluation and disqualified from the process. No bids over £600,000 per annum will be accepted. To register your interest, please follow the link below, and search for the project reference as detailed: <https://health-family.force.com/s/Welcome> Project Reference: C244252 Project Name: Telephone and Messaging Based Advice & Guidance Platform for Health Professionals Additional information: To express interest and participate in the tender, please register and apply via Atamis e-sourcing portal <https://health-family.force.com/s/Welcome>. Should Tenderers have any queries, or having problems using the portal, they should contact Helpdesk at: Phone: 0800 9956035 E-mail: [support-health@atamis.co.uk](mailto:support-health@atamis.co.uk)

---

**Description:** The aim of this project is to provide enhanced pedestrian and cycle connectivity for the Southill area together with various traffic calming measures and public realm improvement works on the John Carew Park Link Road, Childers Road, Roxboro Road, Synge Drive, Rathbane Terrace and Deer Court. The proposed works seek to enhance connectivity between residents of O'Malley, Kincora, Keyes and Carew Park and improve overall

connectivity for residents to/from a range of services on the north side of Childers Road, namely, Roxboro Shopping Centre, Le Chéile National School and Kennedy Park to name but a few.

---

**Description:** Galway City Council, the "Client", intends to carry out, in a comprehensive and planned manner, a regeneration project for Cross Street, Middle Street, Buttermilk Lane, and Buttermilk Walk to rejuvenate and transform these public realm spaces in accordance with international best practice. The project aligns with the National Strategic Objectives (NSO's) and

policy objectives of the National Planning Framework (NPF) and with the Growth Ambitions of the Regional Spatial and Economic Strategy (RSES) and Metropolitan Area Strategic Plan (MASP). Similarly, the project aligns with the objectives of the Galway City Council Development Plan 2023-2029, Galway City Council's Public Realm Strategy and aligns to the objectives of the Galway Transport Strategy 2016. The streets are integrated with the development strategy for the city set out in the CDP which is to be a sustainable, competitive regional city supporting city growth, improved **connectivity**, delivery of recreation/amenity and cultural infrastructure and enhancing the character of the city and its distinctive natural, built and cultural heritage.
