Description: Perfectly perched on the West Pentire Headland, overlooking the golden sands of Crantock Beach, near the popular surfing and family destination of Newquay. The Bowgie is the place where you can momentarily escape to a slower pace of life with mind-blowing views and an enviable cliff-top location. The panoramic coastal views of the unspoiled beach of Crantock, Polly Joke, the Gannel and the dramatic headlands nearby, help to inspire and regenerate the soul. The 'Bowgie' which is Cornish for 'cowshed' is one of Cornwall's most well-known and loved pubs, and has one of the most incredible beer gardens in the whole country. Andy Pickles has proudly owned the pub for 50 years, and back in the 1970s, he used to grow potatoes in the field on the cliff edge to make the pub chips! You can still see some of the original features of the old farm building which The Bowgie once was up until the 1950s, and hidden gems and traditional charm can still be seen throughout the pub. This procurement specification is part of the work to set out the requirements for a lower carbon, cost effective energy generation and monitoring system for the kitchen, bar and restaurant areas of the Inn. The purchase of this system is part of a grant funded application process and therefore procurement will be subject to grant approval of the project. We will assess tenders received on lowest compliant Tender.

Description: This opportunity is being undertaken via the electronic tendering portal The Chest - <https://procontract.due-north.com/> Blackpool Council (The Authority) and its Wholly Owned transport company, Blackpool Transport Services (BTS) submitted a joint submission to the Department for Transport to secure Zero Emission Bus Regional Area (ZEBRA) grant funding in order to replace the existing diesel fleet with electric buses. As a result, the Authority and BTS will be undertaking significant modification of the existing depot to ensure that it is fit for purpose and meets the future vision for BTS. The depot will be fitted out with **electric vehicle charging** infrastructure, ready to house the new fleet of electric buses. The Chargers in use will be a DC system. The Authority is looking to appoint a Contractor, under a JCT Design & Build 2016 contract, to provide full turnkey delivery of this project including design, installation, commissioning, ongoing operations and maintenance.

This new Framework will replace LHC's successful Energy Efficiency Framework (N8) and our Energy Efficiency Consultancy Framework (N8C). The Retrofit and Decarbonisation Framework will provide our clients with access to a range of retrofit and decarbonisation measures on their journey to achieving net zero targets. This Framework consists of the following workstreams, and lots within them: WORKSTREAM 1 - CONSULTANCY SERVICES Lot 1 - Energy Policy/Strategy and Grant Funding Support Lot 2 - Management Agent / Multi-Disciplinary Consultancy Lot 3 - PAS 2035 (Domestic Building Audits and Heat Decarbonisation Plans) Lot 4 - PAS 2038 (Commercial Building Audits and Heat Decarbonisation Plans) WORKSTREAM 2 - MULTI-DISCIPLINARY WORKS Lot 5 - Multi-Disciplinary Works - 0 to 750K Lot 6 - Multi-Disciplinary Works - 750K to 2.5m Lot 7 - Multi-Disciplinary Works - 2.5m plus WORKSTREAM 3 BUILDING INSULATION Lot 8 - Internal Insulation Lot 9 - Loft Insulation Lot 10 - Cavity Wall Insulation Lot 11 - External Wall Insulation - up to 11m Lot 12 - External Wall Insulation - 11m and Higher Lot 13 - Rainscreen Cladding WORKSTREAM 4 HEATING AND VENTILATION SYSTEMS Lot 14 - Domestic Boiler Based Space Heating Systems Lot 15 - Domestic Renewables Space Heating Systems Lot 16 - Commercial and Communal Heating Systems Lot 17 -

District and Network Heating Systems Lot 18 - Electrical Space Heating Systems Lot 19 - Building Ventilation Systems WORKSTREAM 5 BUILDING CONTROL AND MANAGEMENT SYSTEMS Lot 20 - Building Management Systems Lot 21 - Individual Metering WORKSTREAM 6 - SOLAR PV AND ELECTRICAL Lot 22 - Solar PV and Electrical Energy Storage Systems (EESS) Lot 23 - EV charging

Further descriptions of each lot are set out later in the notice and tender documentation provided. In order to encourage SME Bidders, for a number of lots within this framework LHC are reserving two places for micro or small enterprises, details of the number of appointees are set out within each lot. Additionally, whilst this is a national framework, each lot is broken down into a number of regional areas allowing bidders to apply for this framework in the regional areas most suited to them.
